Corner on Cotton

BY BOB COLLINS

Think you won't be affected by crop support limitations recently voted by both houses of Congress because you are a "small" cotton farmer? ... we'll let you are wrong. ... first, limitations on loans can seriously disrupt orderly marketing processes and depress prices, forcing many small farmers to use the loan when they would not otherwise (and this could mean more cotton will go into the CCC rather than less). ... it would work like this: Loan limits could force the sale of much of the crop as it comes from the fields since it would be entirely unmarketable and the producer would need his money immediately. ... of course storage charges and interest are paid. ... of these is about 12¢ per pound of cotton. ... no estimate is available on what politicians are costing farmers.

Added Strength — Research is underway to add strength to cotton fibers. ... these are the short fibers that stick to seed after ginning. ... when this is done the fibers will have a greater use in papermaking. ... right now they have a limited use because they are weaker than the long cotton fibers. ... USDA research division is at work on the project.

New Weed Killer — Experiments with diuron during the past two years give some promise of eliminating cost of a couple of cultivations. ... this weed killer was applied early in the season when cotton was six to eight inches high.

The Cost — Diseases, weeds, and, of course, insects are the biggest headaches for cotton farmers. ... cost of these is about 12¢ per pound of cotton. ... no estimate is available on what politicians are costing farmers.

Card of Thanks — We wish to thank our friends and neighbors for their sympathy and kindness in the death of our husband and father, James Gaines. Your many acts of helpfulness will always be remembered.

MRS. JAMES GAINES and family.

Long-Time Associate — Mr. Wright became president of Dorsey Trailers in December, 1957, upon the death of Claude Dorsey Jr., after service with the company since 1913.

He was a quiet, unassuming man who had risen through the ranks to head one of the largest corporations of his kind in the world. ... said Minister Curtis Duke, pastor of the Church of Christ, who delivered the funeral sermon at Dorsey Funeral Home in charge.

Native of Elba — He was born April 2, 1897, in Richburg, near New Brockton, and christened James Vardner Wright. He attended the local schools there, Campbell's business school in Dothan, and spent his entire life in and around his native county. While still a boy, he became associated with the firm which later became Dorsey Trailers when it was a manufacturer of stump pullers.

Mr. Wright was a member of the Church of Christ, Free and Accepted Masons, the Georgia-Alabama Shrine Club, Alhambra Temple, Order of the Mystical Shrine, the American Legion, having served in World War I and the following organizations of the truck-trailer industry: Truck-Trailer Manufacturers Association of Washington, D. C.; American Trucking Association of Washington, D. C.; Alabama Trucking Association, American Ordnance Association of Washington, D. C.; the United States Chamber of Commerce of Washington, D. C., and the Truck Body and Equipment Association of Washington, D. C.

He is survived by his widow, M. S. Florie Hutchison Wright, two daughters, Mrs. Martha W. Hix of Wilmington, Del., and Mrs. Ann Matthews of Montgomery, one sister, Mrs. Max Elmhke of Hayward, Calif.

Funeral services will be held Friday from the Brantley Methodist Church with the Rev. Robert L. Hennessy officiating. Burial was in Evergreen cemetery.

James Byrtram Trotter 48, of Brantley, died Thursday, July 9. He is survived by the widow, Mrs. Mary Trotter of Brantley; a daughter, Mrs. William Earl Sexton of Decatur; his father, N. Trotter of Ramer; two brothers, O. K. Trotter of Ramer, and J. H. Trotter of Montgomery; a sister, Mrs. L. H. Huey of Montgomery.

Funeral services will be held Friday from the Brantley Methodist Church with the Rev. Robert L. Hennessy officiating. Burial was in Evergreen cemetery.

A SLIP THAT SHOWED — What a whole of a difference one word makes, especially when that word happens to be the difference between "tax Assessor" and "Tax Collector." Last week The Elba Clipper published a news item that Ben F. Comer had been commended by auditors for the accuracy of his accounts but the news item failed to live up to Comer's accuracy. It was a mere slip of the pen. It surely left a slip showing.

Of All Places, Cash Taken From Police Office In Elba — It's a part of every-day routine for police to investigate thefts, but during the past few days Elba police had to investigate a theft from — of all places — the police office cash drawer.

With a screwdriver, someone had removed the screws that held the lock and taken seventy dollars and a watch. Police Chief I. F. Dunaway soon got a confession from a boy who had been loitering in the police office. The boy returned ten dollars and the watch and promised the return of all the money. His name is withheld due to his youth.

LACK OF RAIN AFFECTS CROPS IN THIS AREA — The condition of crops in Coffee county is spotty due to scattered rainfall so far in July. Some areas have received sufficient rain while other areas are suffering.

Less than an inch of rainfall has fallen the first half of July in Elba, according to J. Dryden Smith, who keeps weather records as a hobby. This compares with 10 inches of rain for the entire month of July, last year.

For the state as a whole, the Alabama Crop and Livestock Reporting Service reported this week that crop prospects were fairly good although dry weather was reducing prospects for corn in central and southern areas. Cotton prospects, however, are looking good.

George L. Collier Succeeds J. V. Wright at Dorsey's

One Is Seriously Hurt In Crashes

COLLIER WITH T. K. DORSEY IS NEW TOP TEAM — A new management team at Dorsey Trailers was announced yesterday by O. DeG. Vanderbilt, III, president of The Dorsey Corporation. The team consists of George L. Collier, president, and T. K. Dorsey, executive vice president, of Dorsey Trailers, wholly-owned subsidiary of The Dorsey Corporation.

Mr. Collier has been in the financial segment of the company since 1949 and T. K. Dorsey, son of one of the founders of the company, has been in almost every phase of the business since 1939.

The changes followed the death of J. V. Wright, president of Dorsey Trailers, July 10, after 47 years service with the company.

Third largest — Almost America's third largest producer of trailers, Dorsey Trailers' sales for the first six months of this year were \$3 million above those for the same period last year, it was stated in the official announcement of the new management team.

The current backlog of orders is the greatest in the company's history, the announcement said. Expansion of facilities has been accelerated to help meet this increased demand and immediate construction projects totaling nearly 100,000 square feet have been approved including a handsome new office building across the street from the present offices.

For the months of operation since its acquisition by the Dorsey Corporation, Dorsey Trailers expects a net profit after taxes of \$90,000. Full utilization of a new automatic riveting machine, the world's largest, plus a considerable increase in the labor force are calculated to greatly increase production on a permanent basis.

The introduction of 11 new lines of trailers in April was co-ordinated with the completion of coast-to-coast distribution indicating a still greater increase in sales for the remainder of the calendar year, it was stated.

Mr. Collier is a graduate of Elba High and Alabama Polytechnic Institute, Auburn. He went to work at Dorsey's immediately upon finishing college and in six years became head of the Accounting Department as Comptroller and head of Personnel. This was in 1956.

Mr. Vanderbilt made a talk to assembled Dorsey employees Tuesday at 1 p.m. in which he said that the holding company members are well pleased with the performance of the Elba plant and added: "About the only complaints are from some of our customers who can't get their orders filled fast enough." He said the holding company would continue to regard the Elba plant as an autonomous unit.

C. of C. Will Meet And Eat Tuesday — The Elba Chapter of Commerce will meet next Tuesday, July 21, at Lindsey's Cafe with a special invitation, extended to new members by Dr. E. M. Warr, president.

Reservations cards will be mailed to the membership after this week by Dale Tatum, Jr., secretary.

Revival at Basin — A revival will start at Basin Baptist Church Sunday, July 19, and continue for one week with Rev. Roy Hudson, of Enterprise, delivering the sermons.

Each individual is responsible for himself. Mary Baker Eddy.

Red Cross Faces Loss Of Charter — The West Coffee County Chapter, American Red Cross, faces the loss of its charter, it was reported at a meeting of the governing board Monday.

The chapter's funds are almost exhausted and unless sufficient volunteer workers may be found, there will be no other alternative but to surrender the charter, it was reported.

Homecoming — Homecoming will be observed at Pleasant Ridge Sunday, July 19, with singing and preaching throughout the day. A picnic lunch will be served at noon.

J. C. Goodson, chairman of the committee in charge, has extended a welcome to everyone.

Dr. Kimmy Gets Appreciation Note — Dr. J. M. Kimmy, Elba, has been awarded a Presidential Certificate of Appreciation for 10 years of service as a Medical Advisor to Coffee County Local Board No. 16.

The citation, signed by President Eisenhower, also bore the signatures of Lt. Gen. Lewis B. Hatcher, National Selective Service Director; Alabama Gov. John Patterson, and State Selective Service Director Walter M. Thompson Jr.

In a commendation letter accompanying the certificate, Thompson wrote: "I would like to personally thank you for the service rendered. It is highly commendable that you have served your state, nation, and the Selective Service System in this position."

Russell Reunion — There will be a Russell Family Reunion and National members are invited. It will be held on the West side of Lake Jackson, Florida, July 19, 1959.

Photography Honored — Mrs. Virginia Benton, of Opp, was elected to the board of directors of the Professional Photographers of Mississippi in Biloxi, Miss., and won third place in the press classification from among 14 prints she exhibited.

Cain Reunion — The annual Cain reunion will be held at Pleasant Ridge Church Sunday, July 19.

THE GOOD THAT MEN DO

The good that J. V. Wright has done for Elba will live after him. If we think of Elba as a structure of stone and cement, we may think of J. V. Wright as one who played an important part in laying the foundation.

We stand at the threshold of a new and bigger Elba. Too often as a business or community or nation enters a new era, it forgets those but for whom the new era could never have been possible.

J. V. Wright will be remembered as one of those who laid the foundation stones, both in a material sense as well as in that house not made with hands. He will be remembered as one of whose spirit of goodwill has communicated itself to others and, in turn, will be felt in Elba in the years to come.

The wedding of Miss Mary Jo Bryan, daughter of Mr. and Mrs. T. J. Bryan, to Mr. William Jerome Brown, son of Mr. and Mrs. Gene Brown, was solemnized on June 12, at the home of her parents at seven in the evening.

The Rev. Murray Seay officiated and Miss Margaret English provided a background of soft nuptial music. An improvised altar was provided by a background of magnolia leaves and greenery extending across one wall to the ceiling. Three large baskets of white gladioli were interspersed by cathedral candelabra of burning white tapers.

The bride was lovely in a gown of white tulle and hand clipped lace. She carried a bouquet of white gladioli. The groom wore a blue suit with a white shirt and a white bow tie. The ceremony was held in the dining room. The bride's table was covered with a white cloth and set with white china and glass. State 4-H Camp— It was a pleasure for Mrs. Wakefield and me to attend the State 4-H Club Conference with eight of Coffee County's finest 4-H club boys and girls, along with some 550 others.

The program was planned to give leadership training, we wish that more members could have gone, but the facilities were limited.

Coffee 4-Hers attending were Judy Wilson, Annette Sessions, Diane Bryan, Judy Pittman, Don Myard, Hubie Bryan, Billy Jack Ziglar, and Johnny Lockard.

Sponsors— Eight 4-H Club backers paid the bill for our eight delegates.

to the Conference. One of the things that has made 4-H Club successful has been the cooperation of businessmen and individuals who know and believe that perhaps the greatest investment they can make is in young people.

We are indebted to the following sponsors and appreciate their contribution to the rural youth of Coffee County: The Citizens Bank, Sessions Peanut Co., Metcalf Tractor Co., Enterprise Banking Co., Peasech, Warren Motor Co., Emergency Aid Insurance Co., Redmond-Windham Tractor Co., and Elba Exchange Bank.

Livestock HEALTH HINTS

Prepared by American Foundation for Animal Health

We hear much, these days, about the effects of stress on human beings . . . but many farmers are not aware that stress helps to cause health problems in livestock, too.

For example, there is a dairy cattle disease known as "ketosis" which is believed to be brought on in part by stress factors. Ketosis is causing dairy farmers a loss of approximately \$5,000,000 per year and for that reason has been made one of the prime targets of National Livestock Loss Prevention Year in 1959.

Charles Whitley, D. V. M., D. T. M., and Miss Ruby Lee Whitley, D. V. M., D. T. M.,

What with withholding taxes, payroll deductions and now credit cards, ordinary dough soon will join the dodo.

4-H Club Camp— Seniors will go to camp car-

Changing Times.

High producing cows are most likely victims of ketosis.

One unfortunate thing about ketosis is that it usually strikes the high-producing cows during the years when their milk yields are at top levels . . . from the second fresh period on.

Many authorities believe that the drain on these cows may be greater than the nourishment they are receiving, and that this may enter into the causative picture. Also, an endocrine gland imbalance has been cited as another possible factor.

When a cow develops ketosis, she may show either high excitability or indifference. Sometimes her appetite will fail, and she will lose weight. Also, there will be a drop in milk production, and the sick animal may develop incoordination or slight paralysis.

Fortunately, these victims of ketosis can be brought back to normal if they are given treatment promptly enough. The veterinarian usually injects medicines directly into the blood stream, and there is often marked improvement within 24 hours after treatment is administered.

SAFETY IS DEADLINE FOR 4-H CAMPING

By Tom Casaday

Jimmy Mims of the Kingston 4-H Club and son of Mr. and Mrs. J. H. Mims is attending the 7th Annual 4-H Fish and Wildlife camp near Montgomery this week.

While attending the five-day camp, Jimmy will learn a lot about fishing, trapping, canoeing, swimming, marksmanship, and other things. Each year in the past, one Coffee county boy has been selected to attend this camp.

4-H Camp
Time has about run out for sending in applications to the Coffee county 4-H club camps which will be held next week at St. Andrews State Park. We hope to have about 80 in each group.

Senior boys and girls will be at camp the first three days of next week and the Junior boys and girls the last three days of the week. If you are planning to go, be sure to send your letter in before Saturday of this week.

Farm Bureau Talent
Coffee county Farm Bureau members and families attending the meeting and barbecue Thursday afternoon at the New Brockton High School will get to hear some real good singing and other forms of entertainment.

Several older boys and girls and others will entertain shortly after the meeting gets underway at 3 p.m. in New Brockton. We are expecting four Mt. Pleasant girls to sing and they are Brenda Nichols, Annette and Mattie Hanson. From Zion Chapel are Fay Lowery and Sue Chancellor. Two guests from New Hope made up of Ramona and Jerry Wilson, and Ann Wise and Adeline Wilson are expected to be there.

ATTENDS REUNION
Mrs. B. S. Franklin of Elba has returned to her home after attending a family reunion at Hot Springs, Ark., at the home of her brother, B. C. Reynolds, July 10. She was joined by her sister and brother-in-law, Mr. and Mrs. Elian Williams at the home of Mrs. Pention Reynolds of Fort Worth, Tex. Mrs. Austelle Smith of Houston, Tex. Mrs. T. B. Bradley of Huntsville, Tex. and Mrs. Faustina Smith of San Jose, Calif. Many of the grandchildren were also present.

DISCUSS GAS TAX
City Council Monday night heard arguments for repeal of the one-cent gasoline tax outside city limits, but within police jurisdiction. Council unanimously decided the tax should be retained. The gasoline tax of one cent in the police jurisdiction, and two cents within city limits, is used for support of the city schools attended by many students who reside outside the city.

THREE TO BE DRAFTED
Three will be drafted from Coffee county in the August Selective Service call of 272 young men from Alabama in a national call for 7,000 men, according to Director Walter M. Thompson Jr.

NEW BROCKTON BUSINESS MAN DIES SUDDENLY
Herbert Ballard Jones, of New Brockton, died Tuesday at 11:30 p.m. in Gibson hospital, Enterprise. Mr. Jones went to the hospital Thursday, last week, and underwent an operation Monday, this week, for kidney stones. He apparently was recovering until he suffered a heart attack and died Tuesday night. Mr. Jones was a prominent businessman, cattleman and farmer and lifelong resident of New Brockton.

He is survived by several brothers and sisters. Mrs. James Wise of Elba is a sister. Funeral services will be held Thursday at 10:30 a.m. at his mother's old home in New Brockton.

TWO BIG RAINS BRING RELIEF TO LOCAL AREA
Two heavy rains during the past week brought much-needed relief to crops of Coffee county which had begun to show the effects of a prolonged rainless period.

The rains fell in time to prevent serious loss yet to cotton and peanuts, but too late for corn production which will be greatly reduced as result of rainless weeks.

A rain of 1.1 inches Saturday and another of exactly the same amount Tuesday, broke a dry July, which had totaled less than an inch of rain until that time. According to J. Drayden Smith, who keeps weather records as a hobby, "The total with Tuesday's rain, for July was 2.7 inches with three weeks of the month gone. July last year, recorded 19 inches of rain."

Purbred Hereford Sale To Be Monday
The largest dispersal sale of purebred Polled Hereford cattle in the South will be held Monday and Tuesday, July 27 and 28 from the R. E. Lambert and Sons Farm at Darlington, Ala., Wilcox county, county road 51.

According to farm manager, J. Ernest Lambert, 774 head of cattle will be sold in two lots. A day dispersal sale expected to attract buyers from all over the nation. The herd consists of 286 pure bred cows and heifers, 155 cows with calves, 73 open heifers, 9 herd sires and 95 bulls.

Baptist Revival—

REV. DON MILEY

Donor Roberts, chairman of the Membership committee, said the committee is still pushing towards a goal of 75 members and urged that all interested in Elba progress "see you" but pay their membership to a member of the committee or to Duke Tatum, Jr., secretary-treasurer.

The veterinarian said this is an isolated case and there is no cause for alarm. He advised that when an animal is suspected of rabies it should be handled by humans until and unless it dies. Then the head should be sent to the state health department for diagnosis.
